

To whom it may concern,

I am strongly opposed NAB's petition 04-160 due to the fact that I pay for this service and do not feel NAB should be able to dictate what I listen to. If I did not want or enjoy the variety of music, news, programs and especially traffic and weather updates I would not be paying for this service. Having up to the minute information on traffic and weather is a perk of paying a subscription fee to XM satellite radio. I can not hardly believe that this is even an issue, I strongly urge you to reject this petition and allow me to enjoy the service I demand!
